Hello China Primary School Families!

We want you to know that we recognize the incredible challenges covid 19 has introduced into everyone's lives. Know that we are here to continue to provide educational opportunities and ongoing learning for your children and we will try to help you in any way that we can.

We realize that the “kitchen table” has now become your children's classroom. We are working hard to offer you reasonable learning materials and experiences that can be done at home, and hopefully these materials will keep your children engaged and interested in their learning; however, we know there will be “those days”. We know you are all doing the best that you can...and we appreciate you.

Stay healthy and safe. We miss your children. A lot.

Take care everyone.

Darlene Pietz
